November 2023

From the Headteacher's Desk

November has been a very busy month for pupils and staff. Year 11 had GCSE Maths exams and we were very impressed by their attitude and hard work in preparing for the exams. There have been many charity events and extra-curricular activities. I am so proud of the work done by the whole school community. It is also a time for Year 11 and 6th form to prepare for their mock exams. In this edition we reflect on some of the highlights from last month.

Remembrance Services

During the week of Remembrance all our year groups had individual assemblies focusing on the importance of Remembrance. In our Annual Service of Remembrance we were pleased to welcome 50 guests from our community to join our year 11 and year 13. Our senior prefect team with our headteacher led the service. Musical items from our Senior String Group and a Vocal quartet added to the poignancy of the service. Millie Colebrook, Year 12, played the Last Post perfectly in all our services during the week. Millie also performed the Last Post for Gowerton Primary school at their service.
